

MUTEMBA SAFARIS

GAZA PROVINCE, MOZAMBIQUE

LOCATION

Mutemba Safaris is situated in the North West part of the Gaza Province of Mozambique, along the Mozambique/Zimbabwe border. The Western boundary of the concession is the Gonarezhou National Park in Zimbabwe. The closest recognised villages to the hunting area are Chiqualaquala (Eduard Mondlane) approximately 60km to the south along the Mozambique/Zimbabwe border, Mavue Village approximately 40km to the north of the concession along the Mozambique/Zimbabwe border, and Massangena Village to the east.

Through negotiations with adjoining concession holders to the south, Mutemba Safaris has secured the exclusive hunting quota and hunting rights to an unfenced area that comprises more than 50 000Ha(125 000 acres) of unspoilt big game hunting terrain. This hunting area borders on the Gonarezhou National Park for approximately 38km and is about 12km wide.

Mutemba (Gaza) Safaris is proud to be one of the first 25 members of AMOS (Mozambique Safari Operators Association) which was founded during 2010.

HUNTING CONDITIONS

Hunting on this concession is "fair chase" at its best. Being on an unfenced concession, the game roaming on the concession is totally free range. The terrain can best be described as wooded sandveld savannah with patches of Mopani and acacia veld. There are areas that consist of dense brush where species like Suni and Nyala occur. This diversity of habitat accommodates a large variety of species ranging from Elephant and predators to pigmy antelopes like Sharpe's Grysbeek. The average elevation is approximately 380m above sea level. There are also several natural pans in the area which attract game where we have established boreholes/wells to supplement them during the dry season.

Due to the size of the hunting area the hunting party will normally begin hunting early in the morning. Typically the vehicle is used to locate fresh spoor along the roads or at a waterhole, from where the hunting party will track the animals on foot. Comfortable walking can be expected as the terrain is reasonably flat.

One must be prepared to walk several miles per day in pursuit of your trophy, particularly in the case of buffalo and elephant. Whenever possible, lone bulls and bull groups are tracked, preferring to leave herd animals undisturbed.

ACCOMMODATION

Mtimbiri Camp, constructed on the Mutemba Safaris concession is located at GPS co-ordinates S 21°39'59.3"; E 032°09'46.2". The camp comprises of 4 chalets, entertainment area with adjoining lapa and splash pool. There is also a kitchen, laundry and thatched parking area. Each chalet is comfortably furnished and has a luxury en suite bathroom. Power is supplied by means of solar panels and batteries. A 12v to 220v converter is provided in the entertainment area for the charging of cameras, etc. Water for the camp is pumped from a deep borehole/well and is suitable for drinking and everyday use.

For the field preparation of your trophies we have constructed a skinning facility and salting room with adjoining storeroom.

DAILY RATES (all prices in USD)			
--	--	--	--

	DAYS (min)	RATE (\$)	TOTAL (\$)
Lion & Plains Game	21	1 750.00	36 750.00
